Displaced Persons: No

CURRENT SITUATION

(Recent updates are posted at the top of Current Situation)

The City of Riverside Fire Department responded to a report of an injured hiker on the hillside behind Doty Trust Park. Upon arrival firefighters were advised that a female hiker had injured her leg approximately 1/2 mile up the hillside. The Captain determined that the hillside was too steep for a vehicle to traverse, and requested ATV-1 from the Downtown Fire Station. The City of Riverside Fire Department Technical Rescue Team was also advised to prepare for a possible response and to monitor the call. Firefighters found a 40 year old female hiker approximately 1/2 mile up the trail. Firefighters treated the patient for a leg injury until the arrival of ATV-1. The patient was taken back down the hill to a waiting AMR unit. The patient was transported to an area hospital with a possible ankle fracture.
